

PLATE WARMER 1 DOOR

€445.00

SKU:

7518.0005

Discover the convenience of our ventilated plate warming cabinet with one door!

This practical warming cabinet is a must-have for both professional kitchens and catering establishments. The compact design offers space for 45-60 plates with a diameter of 32 cm, divided over three shelves. Thanks to the built-in ventilation, the heat is evenly distributed throughout the cabinet, keeping each plate at the ideal serving temperature. The sturdy stainless steel housing guarantees durability and easy cleaning, while the adjustable thermostat ensures precise temperature control. The dimensions are 450x485x850 mm (LxDxH) - consumption 0.8 kW - temp. +30/+85°C - weight 22.5 kg.

Key features:

- **Adjustable thermostat:** ensures the perfect serving temperature.
- **Ventilated interior:** ensures even heat distribution.
- **Stainless steel housing:** robust, durable and easy to clean.
- **Compact design:** ideal for kitchens with limited space.

Whether you run a busy restaurant or host a catering event, this plate warming cabinet will ensure your food is always served perfectly hot.
