Stainless Steel Vacuum Machine – Preserve Freshness and Extend Shelf Life

This professional stainless steel (SS) vacuum machine is the ideal solution for keeping your ingredients fresh for longer. Thanks to the powerful vacuum pump, the machine quickly and efficiently removes air, preserving nutrients, flavor, and texture optimally. With a seal width of 410 mm and a cycle time of 5-90 seconds, you work quickly and effectively, making it ideal for both professional and home use. The dimensions are 537x512x1016 mm (LxDxH) – power 1.08 kW – weight 108 kg.

- **Durable stainless steel housing** – Strong, hygienic, and easy to clean.
- **Oil pump** – Ensures efficient operation of the vacuum pump and extends the machine's lifespan.
- **User-friendly control panel** – Easily select between different vacuum and sealing settings.
- **LED display** – Clear visualization of the vacuum status for optimal control.
- **2-sided sealing** – Ensures optimal packaging by sealing both sides of the bag.

Store your ingredients professionally and enjoy fresh products for longer!
