

## COCKTAIL-BAR-STATION 1400

€2,765.00

SKU:

7084.0010

**Discover the convenience of our stainless steel cocktail bar station!**

This robust cocktail bar station is specifically designed for use in professional bars and provides an efficient workspace for preparing drinks. It is equipped with an insulated ice well with dividers, a handy speedrail at the front for quick access to bottles, and a shelf for a blender. The raised edge at the back prevents items from falling off the station. The model is supplied with a siphon and standpipe, but without a faucet. The dimensions are 1400x740x900 mm (LxDxH) - weight 71.8 kg.

### Key features:

- **Insulated ice well with dividers:** keeps your ice colder for longer and provides space for different types of ice.
- **Speedrail at the front:** for quick access to bottles.
- **Sink and shelf for blender:** for added convenience and organization.
- **Raised edge of 50 mm at the back:** prevents items from falling.
- **Stainless steel construction:** durable, hygienic, and easy to clean.

This cocktail bar station is the perfect solution for any professional bar looking for efficiency and style. Order your stainless steel cocktail bar station today and complete your bar workspace!
