

ICE CUBE MAKER 160KG/24H

€2,995.00

SKU:

7081.0025

Discover our powerful 160KG/24H ice maker!

This robust and efficient ice maker is designed for businesses that require a continuous supply of ice cubes. With an impressive production capacity of 160 kg of ice per 24 hours, this machine is perfect for larger restaurants, hotels, bars, and other high-demand environments. The air-cooled technology ensures reliable and consistent ice production. The spacious 125 kg storage capacity provides enough ice for long periods without the need for frequent refills. The dimensions are 605x832x1715 mm (LxDxH) - power consumption 0.76 kW - weight 50 kg.

Key features:

- **High production capacity** – 160 kg of ice per 24 hours.
- **125 kg storage capacity** – for longer periods without refilling.
- **Air-cooled** – for efficient and reliable ice production.
- **Energy-efficient** – low energy consumption for optimal performance.

Whether serving cold drinks, chilling fish, or adding a refreshing touch to cocktails, this ice maker ensures the right amount of ice every time. Order today and make sure your guests always have a refreshing drink!
