

ICE CUBE MAKER 225KG/24H

€3,695.00

SKU:

7081.0030

Discover our powerful 225KG/24H ice maker!

This robust and efficient ice maker is designed for businesses that require a continuous supply of ice cubes. With an impressive production capacity of 225 kg of ice per 24 hours, this machine is ideal for larger restaurants, hotels, bars, and other high-demand environments. The air-cooled technology ensures reliable and consistent ice production. The spacious 170 kg storage capacity provides enough ice for long periods without the need for frequent refills. The dimensions are 803x832x1715 mm (LxWxH) - power consumption 1.05 kW - weight 66 kg.

Key features:

- **High production capacity** – 225 kg of ice per 24 hours.
- **170 kg storage capacity** – for longer periods without refilling.
- **Air-cooled** – for efficient and reliable ice production.
- **Energy-efficient** – low energy consumption for optimal performance.

Whether serving cold drinks, chilling fish, or adding a refreshing touch to cocktails, this ice maker ensures the right amount of ice every time. Order today and make sure your guests always have a refreshing drink!
