Discover the Entry Line 700 electric bain-marie – compact, efficient, and energy-saving

The CombiSteel Entry Line 700 bain-marie is the perfect addition to your electric cooking line. With a sturdy stainless steel housing, a capacity of 1x 1/1 GN, and an accurately adjustable temperature range from 0 to +85 degrees Celsius, this bain-marie offers optimal control for keeping dishes warm. Thanks to its 2 kW power, it operates energy-efficiently and reliably. The dry-boil protection automatically switches off the device when the water level is too low, preventing overheating. This bain-marie comes with three 1/3 GN pans, 100 mm deep, including matching lids. Additionally, it is equipped with a drain tap under the cabinet for easy emptying of the water tank. Dimensions: 400x700x920 mm (WxDxH) – Voltage: 230V – Power: 2 kW – Temp. range: 0/+85°C – Weight: 33 kg.

Key features:

- **Efficient warming:** suitable for 1x 1/1 GN insert, including 3x 1/3 GN pans with lids
- **User-friendly:** on/off switch and rotary knob for precise temperature control
- **Safe to use:** dry-boil protection prevents overheating
- **Practical maintenance:** drain tap behind the door for easy emptying of the water tank
- **Energy-saving and modular:** part of the first fully electric Entry Line 700 cooking line, expandable with induction cooker, fry top, fryer, and neutral element

A professional bain-marie that combines ease of use, efficiency, safety, and flexibility – order now and expand your cooking line with this reliable, energy-efficient model!
