Professional Electric Fryer – 12 Liter Capacity, 9 kW Power, Maximum Control

This electric fryer with a 12-liter capacity is ideal for professional kitchens where speed, reliability, and hygiene are essential. The compact tabletop model is made of high-quality stainless steel and features removable elements and a deep-drawn seamless oil pan, making cleaning simple and efficient. Thanks to the powerful 9 kW heating element, the oil heats up quickly and maintains a consistent temperature during frying. The temperature is precisely adjustable from 0°C to 180°C and automatically switches off when the set maximum is reached. Delivered with frying basket and lid. Dimensions: 400x700x328 mm (WxDxH) – Voltage: 400V – Power: 9 kW – Capacity: 12 liters – Weight: 18 kg

Key features:

- **Thermostatic control:** adjustable from 0°C to 180°C with automatic shut-off
- **Cold zone:** prevents burning of residues and avoids flavor transfer
- **Hygienic design:** stainless steel, seamless oil pan and removable elements
- **Practical:** with drain tap for safe and quick emptying of oil
- **Available in various models:** 6 kW, 2x12L tabletop model, and standing versions (1x12L / 2x12L, 6 or 9 kW)

A professional fryer that perfectly combines performance, safety, and ease of maintenance – the ideal choice for every commercial kitchen. Order now and boost your frying capacity!
